## Hunter Safety

To learn about conservation, enhancement and restoration of the natural and wildlife resources and habitats for the enjoyment, appreciation and use by present and future generations.

### What do you get:

- High School credit (9th graders)
- Colorado Parks and Wildlife approved Hunter Safety Card (good for life and accepted by multiple states)
- Deeper, more meaningful, and safer approach to a hunting lifestyle

# BOTANY

A close-up photograph of a vibrant green leaf, showing a complex network of veins. The main vein runs diagonally from the bottom left towards the top right. Smaller veins branch off from it, creating a dense, grid-like pattern across the leaf's surface. The lighting is bright, highlighting the texture and color of the leaf.

- Study of plants
- Includes hands on work in the greenhouse
- Learn to identify plants and their scientific names
- What is their relationship to the environment?
